

Dear Parent/Legal Guardian:

Our school has a written policy to assure the safe administration of medication to our students during the school day. If your child requires medication of any type, including over-the-counter drugs given during school hours, you have the following options:

- You may come to school and administer the medication to your child at the appropriate time(s).
- You may obtain a copy of a medication form from the main office or on our website.
- Take the form to your child's doctor and have him/her complete the form by listing the medication(s) needed, dosage, and number of times per day the medication is to be administered. This form must be completed by the physician for both prescription and over-the-counter drugs. The form must be signed by the doctor and by you, the parent/ legal guardian. Prescription medicines must be brought to school in a pharmacy-labeled bottle which contains instructions on how and when the medication is to be given. Over-the-counter drugs must be received in the original container and will be administered according to the doctor's written instructions.
- You may discuss an alternative schedule with your physician for administering medication (i.e., outside of school hours).
- Self-medication: In accordance with G.S. 115C-375.2 and G.S. 115C-47, students requiring medication for asthma, anaphylactic reactions, or both, and diabetes may self-medicate with physician authorization, parent permission, and a student agreement for self-carried medication.
- All medication must be picked up by the parent/legal guardian within fourteen days from the last day of the school year. Any medication not picked up will be properly disposed.

School personnel will not administer any medication to students unless they have received a completed medication form, signed by both the physician and parent/legal guardian, and the medication has been received in an appropriately labeled container.

If you have questions about the policy, or other issues related to the administration of medication in school, please contact Ms. Vargas by email at: Vargas@kestrelheights.org

Sincerely,

Ms. Suzanne Vargas

Request for Any Medication Administration in School
To be completed by physician

Student: _____

Grade: _____

Medication: _____

Dosage: _____

Time(s) medication is to be given: a.m. _____ p.m. _____

Dates to be given: _____ to _____

Significant Information (include side effects, toxic reactions, and omission reactions):

Contraindications for Administration:

If an emergency situation occurs during the school day or if the student becomes ill, school officials are to:

a. Contact me at my office at telephone _____

b. Take child immediately to the emergency room at _____

FOR SELF-ADMINISTRATION -

Student has demonstrated understanding of and ability to self-administer asthma medication, diabetes medication, or medicine for anaphylactic reactions and may carry and self-administer as prescribed.

Parent/guardian should provide an extra inhaler to be kept at school in case of emergency

All prescription medication for use at school will be furnished by parent or guardian in a container properly labeled by a pharmacist and over the counter medicine must be in the original container. All medicines must have identifying information, (e.g., name of child, medication dispensed, dosage prescribed, and the time it is to be given or taken).

A written statement, treatment plan and written emergency protocol developed by the student's health care provider must accompany this authorization form in accordance with requirements stated in G.S. 115C-375.2

PARENT'S PERMISSION

I hereby give my permission for my child (named above) to receive medication during school hours. This medication has been prescribed by a licensed physician. I hereby release the School Board and their agents and employees from all liability that may result from my child taking the prescribed medication. This consent is good for the school year, unless revoked.
